*Order no. 502 of 22 May 2017  
issued by the Danish Maritime Authority*

**Order amending the order on Notice F from the Danish Maritime Authority  
Technical regulation on the construction, equipment, etc.  
of small commercial vessels**

**Section 1**

In order no. 1008 of 18 September 2014 on Notice F from the Danish Maritime Authority, technical regulation on the construction, equipment, etc. of small commercial vessels, as amended by order no. 1351 of 21 November 2016, the following amendments shall be made:

1. *Chapter IV, regulation 4, paragraph 4.13.4*, shall be as follows:

"**4.13.4.** The shipowner/master shall ensure that the ongoing inspections, etc., including pressure tests as described in paragraph 4.13.2, are carried out by a person/company who is familiar with the task and has knowledge about the regulations applicable in this area. The inspections shall be documented on board through the initiative of the ship management."

2. *Chapter V, regulation 12, paragraph 11*, shall be as follows:

"**11** Fixed fire-extinguishing systems, including fire-detection systems, shall be inspected every second year by a person/company who is familiar with the task and has the required knowledge about the regulations applicable in this area. The inspection shall be documented on board."

**Section 2**

This order shall enter into force on 1 July 2017.

*Danish Maritime Authority, 22 May 2017*
